December 15, 2006

ROUTE 210 CLOSURE NOTIFICATION – WEEK OF DECEMBER 18

The Route 210 construction project will require the following closures in Rialto and San Bernardino the week of December 18:

Casmalia Street – Eastbound closure

Beginning at 10 a.m. on December 21, eastbound Casmalia Street at Ayala Drive in Rialto will re-close to all motorists. This long-term closure will remain in effect until Route 210 opens in late 2007. During this closure, motorists can use Ayala Drive and Riverside Avenue as an alternate route.

Eastbound H Street Off Ramp – Full closure

Utility upgrades will require a full closure of the eastbound Route 30 “H” Street off-ramp in San Bernardino weekdays through December 21 from 7 a.m. to 3 p.m. As an alternate route, motorists can continue eastbound on Route 30, exit at Waterman Avenue, enter westbound Route 30 and exit at H Street.

Cajon Boulevard– Intermittent full closures

Bridge construction will require intermittent full closures of Cajon Boulevard between Hancock Avenue and Medical Center in San Bernardino. Alternating closures will be in effect through late 2006. During the closures, motorists and pedestrians can use California Street, Highland Avenue and Medical Center Drive as an alternate route. Detour signs are in place to direct drivers through the area.

Eastbound Route 30 to northbound Interstate 215

A full closure of the eastbound Route 30 connector to northbound Interstate 215 will continue until the Route 210 construction is complete in 2007. As an alternate route, motorists should travel east on Highland Avenue, north on 27th Street and enter northbound Interstate 215.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
